Kacper Szweda

I am a junior front-end developer with a passion for creating and improving web applications using the Angular framework. I have an engineering degree in software engineering at the University of Information Technology in Katowice and I am currently pursuing a master's degree in the same field. My core competencies include Angular, React, TypeScript, HTML, CSS, JavaScript, NodeJS and SQL.

Work History

2023-02 - 2023-11

Junior Front End Developer

Qualityminds sp. z o.o, Warszawa

- Designing and developing web applications from scratch using the Angular framework.
- Implementation of the user interface (UI) in accordance with design guidelines.
- Connecting applications to external APIs, including configuring HTTP requests and processing data coming from the server.
- Implementation of the user interface using Angular Material to ensure a consistent and aesthetic appearance of the application.
- Actively debug and fix code errors.
- Software development using the SCRUM methodology

2022-07 - 2022-10

Trainee

JSW IT SYSTEM, Jastrzębie-Zdrój

- Design and implementation of user interfaces for various applications, using Angular and front-end tools.
- Creating responsive websites from scratch using HTML, CSS and JavaScript.
- Participating in the testing process of websites and applications to ensure high quality.
- Collaborate with the team in designing, implementing and testing user interfaces for applications.

2021-06 - 2021-10

Trainee

Fight&Suple, Racibórz

- Creating interactive user interfaces using Angular.
- Formatting and styling pages in accordance with design guidelines.
- Design and creation of MySQL databases, including structure and optimization.
- Data formatting, managing relationships between tables and optimizing SQL queries.
- Ensuring the smooth operation of the online store.

2020-06 - 2020-10

Trainee

Fight&Suple, Racibórz

2019-06 - 2019-10

Trainee

Computer Science Center HABAR, Rybnik

- Designing responsive websites from scratch using HTML, CSS and JavaScript.
- Active participation in the testing process, identifying errors and optimizing websites for performance and functionality.
- Creating web applications using Angular as the main framework.

Email
kacper.szweda@poczta.onet.eu

Phone
600 251 355

Address
ul. Wrzosowa 1a
Świerklany 44-266

Date of birth
1998-03-17

Skills

Knowledge of technologies: Angular, Node.js, React, Vue

Knowledge: JavaScript, TypeScript

Experience working with: HTML, CSS, SQL, MongoDB

Practical knowledge: Git, Jira, Bootstrap, jQuery

Languages

English - B2

Hobby

Football, Travels, Music

Certificates

2020-08

Telc English B2

Education

2022-10 - present	**Informatics, graduate studies**
	Institute of Information Technologies , Katowice
	Specialization: Software engineering
2017-09 - 2022-06	**Informatics, engineering studies**
	Institute of Information Technologies , Katowice
	Specialization: Software engineering and computer networks

2019-03

Learning Java programming
